

Exhibit 44

DIVISION OF MEDICAL-LEGAL
INVESTIGATIONS AND FORENSIC SCIENCES

COUNTY OF SUFFOLK, N.Y.

CRIMINALISTICS LABORATORY

Sheet Number 1
 Date 1/7/89
 Laboratory Number 988-57483
 C.C. Number 88-461042
 Command 3310
 People vs. Martin Tankleff
 Date Submitted Sept. 7, 1988
 Submitted By for Det. K.J. McCready

TRACE EVIDENCE REPORT

MATERIAL SUBMITTED

Item #4 - a sheet
 Item #5 - a pillow case
 Item #6 - a pillow case
 Item #20 - a pillow case
 Item #25A - a comforter
 Item #41 - switch plate cover with section of sheetrock

RESULTS

Examination of the above items revealed several areas to exhibit transfer stains. These transfer stains appear to have been caused by a blood stained object. The location where the stains were found, the pattern design, and the pattern characteristics exhibited by each stain, suggest that they could have been made by a fabric or rubber glove.

False statements made herein are punishable as a Class 'A' misdemeanor pursuant to Section 210.45 of the Penal Law, State of New York.

I have performed the above indicated tests and reached the conclusion set forth, and hereby certify that the within is a true and correct original or copy of the Laboratory Report in this case.
